Rules for the Forsyth Spay/Neuter Clinic's Public Transport Program

In an effort to reach out to those in the surrounding communities that find it difficult to make the trip to the clinic to get their pets spayed or neutered, the Spay/Neuter Clinic will be coming to your community. We will be transporting your pets back to the Clinic for spay/neuter surgeries and returning them to the designated drop off in the afternoon.

Basic immunizations, such as rabies and distemper/parvo and feline distemper will be available for the surgery animals. Surgeries are performed on a same day basis with animals being retrieved early in the morning and delivered back in the afternoon. Paper proof of rabies must be provided at pick-up or your pet will receive a rabies inoculation at the owners expense of \$15.00.

IN ORDER TO MAKE RESERVATIONS, PLEASE CONTACT HEATHER AT 336-723-7521
